I have tried to find out if it was possible for me to get a photograph of it and the probable cost— but so far can find out nothing about it— If you can spare time to learn what you can about it, it will do me a great favor and I will forward you my address to the people where I was born— I cut the leaves of "Red M— L—" with my knife out of the back hoping you will be pleased with the little booklet

I am truly yours
